

IC-77-6225
11 March 1977

MEMORANDUM FOR:

[REDACTED]
Director, Office of Performance,
Evaluation and Improvement

25X1

FROM:

[REDACTED]
Director, Office of Policy and Planning

25X1

SUBJECT:

PRM/NSC-11 Study of the DCI's Role

25X1 We have looked at the 8 March 1977 memorandum on this subject which you prepared for Admiral Turner's signature, and the outline attached to it as an initial set of terms of reference. I note the inclusion of the Community planning system and other topics in which we have an interest, and would accordingly like to designate [REDACTED] as an Office of Policy and Planning point of contact for matters relating to the study which you are undertaking. This would not only keep us abreast of developments which will affect our operation, but also give you a quick and convenient means of obtaining any assistance we might be able to provide you during the course of the study.
